

Security - Access Control Product Line

Features and benefits

When it comes to Access Control installations, West Penn provides the industry with standard and innovative products. From standard Access Control Application, to the most enhanced and integrated applications West Penn Wire has the cables to support and install. Our innovative All Purpose Access Control cables are designed for indoor (non-plenum and plenum) with an overall jacket, or are also offered in our industry first Lickity Split Design.

Our D4851 Series cables are ideal for RS-485 lines in the Access Control system.

Products- Card Reader Cable Products

Wiegand and Proximity Systems

Non-Plenum- Multi-Conductor

3270	Non-Plenum 6 Cond. 22 Awg. Shielded
3271	Non-Plenum 8 Cond. 22 Awg. Shielded
3652	Non-Plenum 3 Pair 22 Awg. Shielded
270	Non-Plenum 6 Cond. 22 Awg. Unshielded

Plenum- Multi-Conductor

253270B	Plenum 6 Cond. 22 Awg. Shielded
253271B	Plenum 8 Cond. 22 Awg. Shielded
25270B	Plenum 6 Cond. 22 Awg. Unshielded
AQC3186	Indoor/Outdoor 6 Cond. 22 Awg. Shielded

Features:

- Cables offered in Cabled Construction & Paired Construction
- Easy Strip Plenum Design
- Shielded and Unshielded Versions
- Aquaseal Versions Available

Card Reader distances up to 500ft.

Other cable constructions are available from West Penn Wire

Products- Accessory Cables

Accessory Cables- Door Contact, REQ, Lock-Power

221	Non-Plenum - 2 Cond. 22 Awg. Unshld - Door Contact
241	Non-Plenum- 4 Cond. 22 Awg. Unshld. - Request to Exit
224	Non-Plenum- 2 Cond. 18 Awg. Unshld.- Lock Power
244	Non-Plenum- 4 Cond. 18 Awg. Unshld.- Accessory
25221B	Plenum - 2 Cond. 22 Awg. Unshld -Door Contact
25241B	Plenum- 4 Cond. 22 Awg. Unshld. - Request to Exit
25224B	Plenum- 2 Cond. 18 Awg. Unshld.- Lock Power
25244B	Plenum- 4 Cond. 18 Awg. Unshld.- Accessory
